Pharmaceutical Press, United Kingdom, 2013. Paperback. Condition: New. 4th Revised edition. Language: English . Brand New Book. Pharmacy and the US Health Care System equips pharmacists for independent practice in today s unpredictable health care environment. This fourth edition offers a complete source of current information about the features of the US health care system including the personnel and institutions, as well as concise reports on trends, regulations, policy and finances. Written and edited by a well-respected team of experts, this new edition has been fully revised and updated and now features new chapters including: patient safety and pharmacovigilance; professionalism and ethics. The inclusion of case studies, sample test questions and learning objectives makes this an invaluable tool for students. Whether it is a course offering an introduction to the health care environment, or about managing and finance in the US health care delivery system, this is an essential textbook. It is also a helpful reference for practicing pharmacists and pharmacy organizations and societies.
