## TECH TACTICS - MONEY SAVING SECRETS

Createspace, United States, 2011. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book shows the reader how to save money by using free or very inexpensive devices, programs, and services in order to save money while enjoying modern technology. People pay too much money for things that can be had very cheaply or for free if one only knows where to find the goodies. This book is about how to take advantage of technology without having to pay huge sums of money to big business. The author concentrates on tips, tactics, devices, programs, and secrets that actually work. It is the hope that when a reader reads and uses just one thing learned in this book that the book will pay for itself. This book offers something for everyone from a relative beginner to the hardcore geek. This book discusses the advantages and pitfalls in using free and inexpensive technology products. Most products discussed in this book come with no strings attached. The products that do have strings attached are pointed out, and exactly what strings are explained. There are many free products available that do the same thing as their expensive counterparts. Microsoft Office can cost anywhere between one hundred and several hundred dollars. There is a free program that will do almost everything Microsoft Office will that is legally available on-line for absolutely no cost to the user. The best part is the fact that this program contains no ad-ware or spy-ware. Even though long distance telephone service is getting less expensive each year, it is still pricey compared to the free and less expensive options that are currently available for those in the know. Many people pay tens and in some cases, over one hundred...
