LAP Lambert Academic Publishing Apr 2015, 2015. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - During the study, existing practices related to bio-medical waste management were examined based on intensive interviews, field-visits, and questionnaire. Field-visit includes observation of current practices of waste management, waste sampling, waste characterization and interviews to the staff to check reliability of provided information. Overall waste handling and management practices were good in the hospital. Staff nurses and ward sanitary staff were aware of hazards from infectious waste. The main gap that was observed in the hospital was their final storage room. It was not built according to required standards as it was built by British almost 100 years ago. 76 pp. Englisch.
