System simulation technology and its application - (Volume 10)

By CHEN ZONG HAI

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 871 Publisher: University of Science and Technology of China Press Pub. Date :2008-7-1. Book for the Chinese Association of Automation System Simulation System Simulation Committee of the Chinese Society of Professional Committee of simulation technology in July 2008. organized jointly launched 2008 Simulation Technology and Its Applications Conference (CCSSTA2008) Selected papers. The book contains 208 conference papers. system simulation in recent years. science and technology in the natural sciences and social sciences fields. aviation. aerospace. petroleum. chemicals. energy. defense. and light industry in the application of the latest results. and build model and simulation methods. the new field of complex systems such as the latest developments. Book for research. engineering departments and factories and mines in the system simulation science and technology research and application of relevant professional institutions of higher learning and students as well as reference. Contents: Part 1 report to the Assembly. Tilting trains HLARTI based multidisciplinary collaborative simulation 2. Group robot system modeling and simulation 3. Based on the theory of complex systems against information warfare system modeling and simulation 4. Hierarchical reinforcement learning...

Reviews

It is easy in study better to understand. Of course, it is actually play, nonetheless an amazing and interesting literature. I am quickly could possibly get a satisfaction of reading through a published ebook.

-- Ms. Lucinda Koelpin

Absolutely essential go through ebook. It can be rally exciting throggh studying period of time. Its been written in an exceptionally simple way in fact it is only right after i finished reading this pdf where basically modified me, modify the way i believe.

-- Iliana Hartmann
