MIND FIGHTER (PAPERBACK)

Page Publishing, Inc., United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. MIND FIGHTER The rules of combat have changed I believe even the fastest kick or punch can come short in dealing with a premeditated terrorist committed to killing you and destroying innocent lives. It is rare to win and survive when entangled with several gun and knife wielding villains lurking in the dark determined to rob, rape, and take your life. Remember, even the most barbaric and beastly character can be subdued and put to rest if you know the right way. I also believe being ignorant and calloused causes pride, which in turn causes division, and eventually animosity. In the animal kingdom, where the survival of the fittest rules, there are no predators that can survive without adapting to ambush attack. The most important assets enacted by instinct are: patience, vigilance, distraction, agility, speed, no hesitancy, full commitment, and striking the vitals. This should be the methodology and the anatomy of any successful defense where only silent assassins can prevail, and when other alternative means of defense are questionable, especially in a crime infested environment where there are no rules but to remain alive.
